At **tiko**, we believe that the energy revolution comes from the people, for the people, and that a better earth with only be possible if we collectively change the way we consume energy.

Our flexible and modular technology enables innovative solutions for prosumers to maximize their self-consumption, and thus their return on investment. Consumers gain insight and control over their energy consumption and increase their comfort. We put this unique knowledge at the disposal of our partners, making them leaders of the energy revolution, and helping them to gain an innovative image among their customers. **tiko is a company from the ENGIE Group.**
