

Aby Chacko
Head of Energy Services

About

Aby Chacko is the Head of Energy Services of tiko Energy Solutions AG since 2018. He began his career as an engineer in various companies in India and in Germany before to obtain his Master in Electrical Engineering in 2005.

Aby Chacko then joined Driescher GmbH as a project engineer before to move in Switzerland in 2008 and join Swiss Grid as Development specialist for system services, where he collaborated to the launch of new

system services in a 360° fashion, thus acquiring and reinforcing the expertise that led him to his position as Senior Specialist Ancillary services procurement.

He studied engineering and holds a Master in Electrical Engineering from the Hochschule Karlsruhe in Germany, and a Master of Business Engineering Management from the Fachhochschule of Brugg-Windisch in Switzerland.

At **tiko**, we believe that the energy revolution comes from the people, for the people, and that a better earth with only be possible if we collectively change the way we consume energy.

Our flexible and modular technology enables innovative solutions for prosumers to maximize their self-consumption, and thus their return on investment. Consumers gain insight and control over their energy consumption and increase their comfort. We put this unique knowledge at the disposal of our partners, making them leaders of the energy revolution, and helping them to gain an innovative image among their customers. **tiko is a company from the ENGIE Group.**
